

ALFRED-ALMOND CENTRAL SCHOOL

2020-2021

MISSION STATEMENT

It is the overall mission of the Alfred-Almond Central School District to prepare each individual to live successfully in a world of rapid change and to grow from dependence to independence. Development of self-discipline and readiness to accept responsibility for one's actions are essential characteristics of that growth.

Our school system will provide an equal opportunity for each Alfred-Almond student to be challenged to the fullest extent of his or her ability and to assure that all students will acquire the knowledge and skills necessary to enable them to become productive members of society.

This mission is best accomplished when school personnel maintain high expectations for all students, create a positive school climate, ensure a safe and orderly school environment, monitor student progress on a frequent basis and promote effective home-school communication.

The school system shares the responsibility for accomplishing this mission with the family and community.

The District's smoking policy shall be prominently posted in each building. Our facilities have been inspected and response actions are planned to ensure a continued safe environment for our students and employees. Activities include training of maintenance staff to prevent disturbance of asbestos and periodic re-inspection and surveillance activities by trained personnel.

Details of such activities are described in the district's AHERA Management Plan, which is available for your review in the District Office.

Health Information

If your child will be absent, please contact the School Nurse by phone at 607-276-6535 or by email at kormsby@aacsapps.com. Due to COVID-19, we will need to know the reason for the absence (ill, medical/dental/counseling appointment, etc.). *If your child is sick, you will be required to provide a document from his/her physician that includes a diagnosis and the date that he/she can return to school.* If you cannot provide us with this documentation, your child will not be permitted to attend school until you do. If a student arrives late, or is leaving early, be sure to have him/her sign in/out in the main office of the appropriate school, and remember to send a note. Please be sure to use your child's first and last name when writing notes.

Required immunizations need to be completed prior to the first day of school and proof of immunization will be required. All students will be required to be up-to-date on all immunizations whether they are participating in the hybrid or remote learning model. The table below shows the required number of doses for each grade level.

Grade	DTaP	Tdap	Polio	MMR	Hep B	Varicella	MenACWY	Hib	PCV
Pre-K	4	0	3	1	3	1	0	1-4	1-4
K-5	5	0	4	2	3	2	0	0	0

7-12	3	1	4	2	3	2	1	0	0
12	3	1	4	2	3	2	1-2*	0	0

**if the first dose was received on or after the 16th birthday, only one dose is required.*

If a student requires a medication during school hours, an order from the student's physician must be provided to the Health Office for that medication. A written request from the parent to give the medication during school is also required. The medication must be delivered to the Health Office by an adult in the original container, labeled with the student's name, drug, dose and frequency.

Please fill out your student information form carefully and return it the first day of school. Please remember to keep the school informed of any changes in emergency numbers that occur during the school year. If you have questions or concerns regarding any of these topics, please contact Karleigh Ormsby, RN at 276-6535 or kormsby@aacsapps.com.

Computer Policy

The policy regarding student use of computerized resources may be found on the District website (Acceptable Use Guidelines - Administrative Regulation 7314R).

Dates of the child's communicable diseases and immunizations along with a birth or baptismal certificate are required when the child registers for school.

Dress and Appearance

Reasonable care and neatness in regard to dress and appearance is required of all students.

Footwear must be worn at all times for health and safety reasons. (see Section U in the student code of conduct)

Leaving School During the School Day

Upon a student’s enrollment, parents must provide a list of names to the school into whose custody a student may be released. These are listed on the back of the student information sheet completed at the beginning of each school year. The school must verify the identity of the person requesting the release of the student. If the person seeking release is not identified on this list, the student may not be released. Only parents or legal guardians may release students from school.

Students should plan appointments so that they do not interfere with their education. If, however, it is necessary for a student to leave school early, a note from a parent or guardian must be brought to the main office before 8:15 a.m. on the day the student is to be excused.

In cases of emergency, parents must contact the principal’s office to give permission for the release of their child.

Students not being released into the custody of an adult must have a signed or oral release from their parent or guardian.

When a student leaves school, the student must sign out in the main office. Upon return, the student must also sign in at the main office.

Sexual Harassment Policy

The Board of Education affirms its commitment to non-discrimination and recognizes its responsibility to provide for all District employees an environment that is free of sexual harassment and intimidation. Sexual harassment is a violation of law and stands in direct opposition to District policy. Therefore, the Board prohibits and condemns all forms of sexual harassment by employees, school volunteers, students and non-employees such as contractors and vendors which occur on school grounds and at all school-sponsored events, programs and activities including those that take place at locations off school premises. Generally, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when:

- a) Submission of such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment;
- b) Submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individuals; and
- c) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.
- d) Submission to or rejection of such sexually harassing conduct and/or communication by a student affects decisions regarding any aspect of the student's education, including participation in school-sponsored activities;
- e) Conditions exist within the school environment that allow or foster obscene pictures, lewd jokes, sexual advances, requests for sexual favors or other harassing activities of a sexual nature; and
- f) Such conduct and/or communication has the purpose or effect of substantially or unreasonably interfering with a student's academic performance or participation in an educational or extracurricular activity, or creating an intimidating, hostile or offensive learning

environment; and/or effectively bars the student's access to an educational opportunity or benefit.

The Board acknowledges that in determining whether sexual harassment has occurred the totality of the circumstances should be evaluated. The Board recognizes that sexual harassment can originate from a person of either sex against a person of the opposite or same sex, and from co-workers as well as supervisors, and from a third party such as a school visitor, volunteer, vendor or any other individual associated with the School District.

In order for the Board to enforce this policy, and to take corrective measures as may be necessary, it is essential that any employee/student who believes he/she has been a victim of sexual harassment in the work environment, as well as any other person who is aware of and/or who has knowledge of or witnesses any possible occurrence of sexual harassment, immediately report such alleged harassment to the District's designated complaint officer(s) through informal and/or formal complaint procedures as developed by the District. Such complaints are recommended to be in writing, although verbal complaints of alleged sexual harassment will also be promptly investigated in accordance with the terms of this policy. In the event that the complaint officer is the alleged offender, the employee/student should report his/her complaint to the next level of supervisory authority.

Upon receipt of an informal/formal complaint, the District will conduct a thorough investigation of the charges. However, even in the absence of a complaint, if the District has knowledge of or has reason to know of or suspect any occurrence of sexual harassment, the District will investigate such conduct promptly and thoroughly.

To the extent possible, within legal constraints, all complaints will be treated as confidentially and privately as possible. However, disclosure may be necessary to complete a thorough investigation of the charges, and any disclosure will be provided on a "need to know" basis.

Programs for Students with Disabilities under IDEA Article 89

The Board of Education shall make available to all students eligible under the Individuals with Disabilities Education Act and Article 89 of the Education Law and their implementing regulations, a free appropriate public education in the least restrictive environment appropriate to meet their individual needs.

The Board acknowledges its responsibility to offer, at public expense, special education and related services which are designed to provide educational benefits to students in conformity with their individualized education program. Special education services or programs will be designed to enable a student with disabilities to be involved in and progress in the general education curriculum, to the extent appropriate to his/her needs.

High School Promotion Regulation

Students will be promoted from one grade level to the next highest grade level on the basis of accumulating a minimum of five credits per year as given below:

<u>Grade</u>	<u>Requirements</u>
9	Promoted from grade eight
10	Five credits
11	Ten credits

Students must meet minimum requirements for promotion as of the first day of school in September. No student will be promoted during the school year even though promotion requirements are fulfilled during the school year. Students who have repeated a grade level may be promoted two grade levels if they meet credit requirements (Example: a student who has repeated grade 10 would be promoted to grade 12 if he/she has earned 15 credits by September of his fourth year of high school).

Students planning to graduate at the end of three years of high school will be classified as juniors or seniors. See your counselor for eligibility requirements.

Graduation Requirements

In order to graduate from Alfred-Almond Central School District, a student must complete or may exceed the requirements set forth in Part 100 of the

An Alfred-Almond High School Diploma will only be issued to those students who successfully complete 25 units of credit and complete the minimum requirements as stated in Commissioner's Regulations Part 100.

The required 25 units of credits must include the requirements of the Commissioner's Regulations Part 100 and the additional credits stipulated below.

For specific diploma requirements, please see the school counselor.

<u>Courses</u>	<u>Regents/Advanced Diploma</u>

Working Papers

Application forms can be obtained in the School Counselors' Office. Please bring proof of birth and the most recent physical with you. Securing the papers several days in advance of your need will assure they can be processed before employment begins. The School Counselors' Office is closed part of each summer. Therefore, working papers should be secured during the school year to eliminate delay and inconvenience.

Student Driving

Student driving is a privilege that may be suspended for:

1. Excessive absence or tardiness
2. Permitting others to use your car or motorcycle for loitering (keep locked)
3. Unsafe driving practices or poor attitude or deportment

Spaces in front of the building are reserved for visitors. Student cars must be registered in the main office annually. Student forms are available in the main office and must be filled out at the beginning of each year or when a student receives his/her license.

Parent Portal

The Parent Portal allows a parent instant access to their child's academic information, including attendance, report card grades, individual classroom assignments and corresponding grades for grades 4-12. Attendance and report card grades will be available for grades K-3. To create a new account, please visit: <http://www.aacsapps.com> and select the Portal Login link. Underneath the login button, first time users can use the *click here* to create a new account.

Please remember that grades are only shown after teachers have finished posting them to the portal. Certain assignments such as tests, projects or long writing assignments take a great deal of time to grade and may not appear for several class periods after the student has completed the examination or turned in the assignment.

We want to help!

In an ongoing effort to increase effective communication among all stakeholders in our students' education, we have developed a communications checklist that should help you contact the appropriate staff members with your questions and concerns.

In order to handle problems in the most effective way, it is extremely important that the staff member most directly involved with the question or concern is contacted first. To facilitate this process, when someone contacts a Board of Education member or administrator before proceeding through this process, you will find that you will be asked if you have contacted the staff member most immediately involved in the problem. If the question is not answered or the issue is not resolved at a given step, then you should proceed to the next step. The Board of Education would become involved, if necessary, at the final appeal stage of the process.

School Bus Rules

2020-21 Bus Policies

Bus transportation is provided for all students in kindergarten through 12th grade who live in the school district. Students are to be at their bus stop five minutes before the time the bus is to arrive.

Whenever practical, two or more closely-spaced individual stops may be combined into a single central or group stop. Such combined stops shall be in keeping with the walking distance provision. Any change in bus assignments or stops must be approved by the Transportation Supervisor.

Bus Conduct

While the school district provides transportation, it does not relieve parents of students from the responsibility of supervision until such times as the student boards the bus in the morning and after the student leaves the bus at the end of the school day.

The Board shall require students to conduct themselves on the bus in a manner consistent with established standards for classroom behavior.

Students who become serious disciplinary problems on the school bus may have their riding privileges suspended. In such cases, parents become responsible for safely transporting their children to and from school.

Do Not Lose Your Bus Privilege

Follow These Rules

1. Observe classroom conduct
2. Be courteous; do not use profane language
3. Do not eat or drink on the bus
4. Keep the bus clean
5. Cooperate with the driver
6. Do not smoke
7. Do not damage bus or equipment
8. Stay in your seat
9. Keep head, hands and feet inside bus
10. Do not fight, push or shove
11. Do not tamper with bus equipment
12. Do not bring pets on the bus
13. Do not bring flammable material on the bus
14. The bus driver is authorized to assign seats
15. Have a safe trip

Bus Passes

The Board of Education has determined that bus passes, which allow students to ride a different bus, will be granted under the following guidelines.

1. A written request from the student's legal guardian will be necessary. The person to whom the student is going, the location of that person and the dates of the stay must be included in the request.
2. The request must be submitted to the student's respective principal at least one week prior to the first date of the change being requested.
3. Only requests for three or more consecutive school nights will be honored.
4. Requests will be granted dependent upon bus seating availability and at established bus stops only.

Your cooperation with these guidelines is greatly appreciated.

Student Code of Conduct

One of the most important lessons education should teach is discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness and efficiency. It is the key to good conduct and proper consideration for other people.

With an understanding of the purposes of discipline in a school, you may form a correct attitude toward it, and not only do your part in making your school an effective place of learning, but develop the habit of self-discipline, which will make you a better person.

In order to provide students of Alfred-Almond Central School with a quality education, reasonable standards of conduct and orderliness on the part of students must be maintained. Most students meet their responsibilities consistently and willingly, recognizing that school rules are necessary in order that they may obtain an education.

When students do violate accepted standards of conduct, an approach that is fair and consistent for all students is used by teachers and the principal in dealing with violations.

A student shall be subject to disciplinary action in relation to the following:

- A. Being under the influence of an alcoholic beverage, drinking an alcoholic beverage or in possession of an alcoholic beverage on school premises (including building or grounds) or on a bus going to or from a school function or a school-sponsored function. Alcoholic beverages shall mean and included alcohol, spirits, liquor, wine, beer and cider having alcoholic content.

The suspending authority may reduce the period of suspension as specified in this paragraph for good cause shown, on a case-by-case basis, in a manner consistent with the state or federal law.

Any suspension from attendance upon instruction for violation of any section may be imposed only in accordance with Education Laws §3214(3). Attendance Policy _____

Statement of Overall Objectives

School attendance is both a right and a responsibility. The School District is an active partner with students and parents in the task of ensuring that all students meet or exceed the New York State Learning Standards. Because the School District recognizes that consistent school attendance, academic success and school completion have a positive correlation, the School District has developed, and, if necessary, will revise a Comprehensive Student Attendance Policy to meet the following objectives:

- a) To increase school completion for all students;
- b) To raise student achievement and close gaps in student performance;
- c) To identify attendance patterns in order to design attendance improvement efforts;
- d) To know the whereabouts of every student for safety and other reasons;
- e) To verify that individual students are complying with education laws relating to compulsory attendance;
- f) To determine the District's average daily attendance for state aid purposes.

Determination of Excused and Unexcused Absences, Tardiness and Early Departures

Based upon our District's education and community needs, values and priorities, the School District has determined that absences, tardiness and early departures will be considered excused or unexcused according to the following standards.

- a) **Excused:** An absence, tardiness or early departure may be excused if due to personal illness, illness or death in the family, impassable roads due to inclement weather, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, approved cooperative work programs, military obligations, obtaining learner's permit, road test or other such reasons as may be approved by the Superintendent of Schools. Students excused due to illness during the course of the school day may only be excused through the School Health Office.
- b) **Unexcused:** An absence, tardiness or early departure is considered unexcused if the reason for the lack of attendance does not fall into the above categories (e.g., family vacation, hunting, babysitting, hair cut, oversleeping).

Student Attendance/Course Credit

The District believes that classroom participation is related to and affects a student's performance and grasp of the subject matter and, as such, is properly reflected in a student's final grade. For purposes of this policy, classroom participation means that a student is in class and prepared to work.

Consequently, for each marking period a certain percentage of a student's final grade will be based on classroom participation as well as the student's performance on homework, tests, papers, projects, etc. as determined by the building administrator and/or classroom teacher.

Students are expected to attend all scheduled classes. Consistent with the importance of classroom participation, unexcused student absences, tardiness and early departures will affect a student's grade, including credit for classroom participation, for the marking period.

Students will be considered in attendance if the student is:

- a) Physically present in the classroom or working under the direction of the classroom teacher during the class scheduled meeting time; or
- b) Working pursuant to an approved independent study program; or
- c) Receiving approved alternative instruction.

Students who are absent from class due to their participation in a school-sponsored activity are to arrange with their teachers to make up any work missed in a timely manner as determined by the student's teacher. Attendance at school-sponsored events where instruction is substantially equivalent to the instruction that was missed shall be counted as the equivalent of regular attendance in class.

Upon returning to school following a properly excused absence, tardiness or early departure, it shall be the responsibility of the student to consult with his/her teacher(s) regarding arrangements to make up missed work, assignments and/or tests in accordance with the time schedule specified by the teacher.

Notice of Attendance Standard/Intervention Strategies Prior to the Denial of Course Credit

In order to ensure that parents/persons in parental relation and students are informed of the District's policy regarding attendance and course credit, and the implementation of specific intervention strategies to be employed, the following guidelines shall be followed:

- a) Copies of the District's Comprehensive Student Attendance Policy will be mailed to parents/persons in parental relation and provided to students at the beginning of each school year or at the time of enrollment in the District.
- b) School newsletters and publications will include periodic reminders of the components of the District's Comprehensive Student Attendance Policy. Copies of the Attendance Policy will also be included in parent/student handbooks.
- c) At periodic intervals, a designated staff member(s) will notify, by telephone, the parent/person in parental relation of the student's absence, tardiness or early departure and explain the relationship of the student's attendance to his/her ability to receive course credit. If the parent/person in parental

relation cannot be reached by telephone, a letter shall be sent detailing this information.

A designated staff member will review the District's Attendance Policy with students who have excessive and/or unexcused absences, tardiness or early departures. Further, appropriate student support services/personnel within the District, as well as the possible collaboration/referral to community support services and agencies, will be implemented prior to the denial of course credit for insufficient attendance by the student.

Disciplinary Consequences

Unexcused absences, tardiness and early departures will result in disciplinary sanctions as described in the District's Code of Conduct. Consequences may include, but are not limited to, in-school suspension, detention and denial of participation in interscholastic and extracurricular activities. Parents/persons in parental relation will be notified by designated District personnel at periodic intervals to discuss their child's absences, tardiness or early departures and the importance of class attendance and appropriate interventions. Individual buildings/grade levels will address procedures to implement the notification process to the parent/person in parental relation.

Alfred-Almond has developed and adopted policies in consultation with parents regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure or use of personal information for marketing, sales or other distribution purposes. Alfred-Almond will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. Alfred-Almond will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation in the specific activity or survey. Alfred-Almond will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible student”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access.
Parents or eligible students should submit to the School Records Access Officer a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading or otherwise in violation of the student’s privacy rights under FERPA.
Parents or eligible students who wish to ask the school to amend a record should write the School Records Access Officer, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

Directory Information

The Family Educational Rights and Privacy Act (FERPA) allows Alfred-Almond to disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Alfred-Almond Central School to include this type of information from your child’s education records in certain school publications. Examples include:

- 1) A playbill, showing your student’s role in a drama production;
- 2) The annual yearbook;
- 3) Honor roll or other recognition lists;
- 4) Graduation programs; and
- 5) Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.

If you do not want Alfred-Almond to disclose directory information from your child’s education records without your prior written consent, you must notify the District in writing by September 30 of each school year. Alfred-Almond has designated the following information as directory information:

- 1) Student’s name
- 2) Participation in officially recognized activities and sports
- 3) Address
- 4) Telephone listing
- 5) Weight and height of members of athletic teams
- 6) Photograph
- 7) Degrees, honors and awards received
- 8) Major field of study
- 9) Grade level
- 10) The most recent educational agency or institution attended
