

August 7, 2020

Dear AACCS Families,

On Friday, July 31st, we shared our draft plan for the opening of the 2020-21 school year. This information also is available on our [School web page](#) and social media for your reference. Based on the information provided in our “Parent Survey,” we are asking **every family/student** to complete a form to tell us their choice for hybrid or remote learning for each student. It’s important that every family fill out this form (one per student) so that we will have information about which students are returning to hybrid learning, and which students will choose to continue learning in a remote format. This data will help us develop our building-level plans for the start of school.

Please complete this **form**: <https://forms.gle/V7QcowjjBkmMKR2P8> declaring the learning model/transportation mode you are choosing for your students for the first quarter by **August 14th. Please submit a separate form for each child.** We must have information about the students who are electing to participate hybrid or remotely so we can finalize student schedules and make sure our classes are appropriately balanced between remote and hybrid students to allow for social distancing. Families will be given the opportunity each quarter to continue with a remote schedule or select a hybrid option if we have not resumed daily in-person instruction. **If you do not submit the form, your student(s) will automatically be placed on a hybrid schedule.**

Thank you,
AACCS Leadership Team
